I N T E R N S H I P S

Between my junior and senior year of high school, I participated in Kihei Charter High School's Summer Internship Program. My internship was completed with Maui Onstage Youth and Education Program.

When interning with Maui Onstage, I worked as a camp counselor at their three acting summer camps for children ages 6 to 12. My tasks as a counselor ranged from organizing morning activities, to helping the teachers block the students for their plays, to teaching the students songs and dances.

My internship taught me how to collaborate with others, how to communicate properly, and gave me hands on experience working with children. I was learning a new song and dance each week, as well as learning different acting exercises and vocal warm ups.
